Specifications

### High-density polyethylene (HDPE)

Compliant to the requirements set out in Art. 3 of Commission Regulation (EU) No. 1935/2004 of 27. October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC, the material(s) used in these products are chosen for their technical quality as well as purity suitable for contact with foodstuffs. Current amended version with 2019/1381 (20 June 2019) is included.

The products listed above are manufactured pursuant to the requirements outlined in European legislation regarding labelling and traceability.

EU Commission:

In accordance with EU Commission Regulation no. 1935/2004 this product is intended for food contact. Therefore it can be marked with the "glass & fork" symbol either on the packaging or through labelling.

Products are manufactured according to EU Commission Regulation no. 2023/2006 on good manufacturing practices for materials and articles intended to come into contact with food (GMP).

Overall migration (OM). The products meet the requirements of the (EU) No. 10/2011 regarding overall migration under testing to 10 % ethanol (food simulant A) and 3 % acetic acid (B), and to a fatty food simulant (isooctane, D2) for 10 days at a temperature of 40 °C.

Specific migration of metals. The products meet the requirements of Annex II, (1) of the (EU) No. 10/2011 regarding Heavy Metal Migration when subjected to a 3% acetic acid testing for 10 days at 40 °C.

Migration of Primary Aromatic Amines. The products meet the requirements of Annex II, (2) of the (EU) No. 10/2011 to not release any PAA in detectable quantities when subjected to a 3% acetic acid testing for 10 days at 40 °C.

Max. temp (foodsafe) 70 °C  
Max. temp (warming) Not suitable for warming.  
Min. temp: 5 °C  
Suitable for: All foodstuffs and drinks.

Max. Wash temp.: Dishwasher-safe.

Date of issue: SE-Gothenburg the 27th of June, 2023.

Yours sincerely,

**Thomas Pitel**
